**TRANSMITTAL OF SUPPLEMENTAL INFORMATION DISCLOSURE
STATEMENT BEFORE A FIRST OFFICE ACTION ON THE MERITS AND WITHIN
THREE MONTHS OF THE INTERNATIONAL SEARCH REPORT IN A
COUNTERPART FOREIGN APPLICATION
(37 CFR § 1.97(b)(3) and 37 CFR § 1.97(e)(1))**

Pursuant to 37 CFR § 1.97 encouraging the filing of an Information Disclosure Statement, Applicants submit this paper in compliance with their duty of disclosure as set forth in 37 CFR Section § 1.56.

Applicants wish to introduce art having some relevance to the present application, which has been listed on the attached PTO/SB/08A. This form includes six (6) U.S. patent documents. No representation is made that a specific search has been made by Applicants, that the information is material to the claimed subject matter, or that the information represents the only or the best information. The references were cited in the search report for the corresponding PCT international application dated 20 February 2004. Applicants enclose herewith a copy of the international search report for the corresponding PCT application for the Examiner's reference.

Applicants do not admit that any of the information they have provided is necessarily prior to their invention, but rather it is information of which they are aware and believe should be provided to the Office in fulfillment of the duty of disclosure. Any question that may arise regarding the priority of a specific document shall be resolved during prosecution.

The referenced art is being cited for the express purpose of providing the Patent and Trademark Office with the opportunity to make an evaluation and to arrive at an independent assessment of materiality of each document, if any, to the examination of this application. Applicants respectfully request that the information cited be made of record in the subject case.

The Patent and Trademark Office has waived the requirement under 37 C.F.R. §1.98(a)(2)(i) for submitting a copy of each cited U.S. patent and each U.S. patent application publication for all U.S. patent applications filed after June 30, 2003, and for all international applications that have entered the national stage under 35 U.S.C. §371 after June 30, 2003. 1273 TMOG 55 (August 5, 2003). The references cited by the International Search Report are all U.S. patent documents. As this application was filed after June 30, 2003, Applicant has not submitted copies of the U.S. patent documents that are cited on form PTO/SB/08A submitted herewith.

IDENTIFICATION OF TIME OF FILING THE INFORMATION DISCLOSURE STATEMENT

The Information Disclosure Statement is being submitted before a first office action on the merits (37 C.F.R. § 1.97(b)(3)). The Information Disclosure Statement is also being submitted within three months of the mailing of a search report in a corresponding foreign application, and each item of information contained in the information disclosure statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the information disclosure statement (37 CFR § 1.97 (e)(1)). No fee is due with the filing of this paper.

Respectfully submitted,
